Culture sub-Program

Strand/category Europe Creative – Western Balkans

Deadline March 17th

Cultural operator(s)

Name Le Monde des Possibles

Short description

Since 2001, Le Monde des Possibles is the only NPO in Liège city (East Belgium), to promote access to ICT and French literacy programs, social and legal support, cultural actions, civic engagement, legalization, freedom of movement in EU for all immigrants and their families regardless of their immigration status. MDP works to achieve this mission of immigrant rights through intercultural actions, building grassroots leadership. Since 2016, we've developed trainings in digital arts skills (graphic design, video, audio engineering, sound; lighting engineering, 3D printing, radio, photography) specifically for youngsters, who are marginalized in the job market and the promotion of equal opportunities. Each week, we work with 200 migrants – 59 nationalities – 410 languages in multiple inclusion projects. Our staff is composed by 15 full time employees, total revenues for 2019 is 1.300.000 euros.

Project

Field(s)

Digital arts (graphic design, videography, photography, music recording and mixing), participant-centered and active pedagogy training for under-educated adults, social economy, migrant inclusion.

Description

- **Creation a European Cultural & Artistic Cooperative based social economy model in order to promote artistic know-how of its members.**
- Combining skills and good practices of each partner and identify under-educated young adults and/or newcomers (about 18-35) needs (with them)
- From these identified needs, creating learning devices implementing innovative didactic materials (through digital arts skills) depending on every partner's strength and specialties in the fields of digital arts and social economy

- Testing these devices with the participants and seek views from stakeholders
- Holding a media event (festival, workshops, traineeships) created by participants for themselves. As they set up the event, they will apply new learning practices.
- Reviewing the results with the participants.
- Implementation of specific soft skills and social economy skills in cultural field.
